

Product review inquiry for partner companies.

What is the basic information about the device?

- Product Name
- Order Code
- Website link
- Product Area (Temperature, Flow, Recorder, etc)
- Target Industry
- Target Applications
- Task (asset management, device verification, mass flow measurement, etc)
- Display information?
- User experience during the setup?
- Local configuration?
- Touch Screen or keypad?
- Compact and remote transmitter?
- Digital protocols?
- List of outputs
- The measurement range
- Sensor sizes
- Wetted parts material
- Approvals
- Price ranges?

Where can I apply and what kind of information can I get?

- Measurement output (mass flow, gauge pressure, volume, etc)
- Measuring ranges
- Example of a basic application?
- Standard accuracy for each measurement available
- Process temperature range
- Process pressure range
- Process Connections
- Protection and certificates
- Electrical connections
- Challenges?

Product review inquiry for partner companies	Version: 0.1
