

Content collaboration process for partner companies.

If you have an idea for an article or a completed piece you believe the #pauto industry will enjoy. Please follow the process below to share your ideas and experiences in our platform.

Step One

Submit a brief abstract, 100 to 400 words, stating the topic of your article, a brief summary of the subject matter, its target market, and how it will benefit the readers. Send the abstract via email to hello@visayasolutions.com

For product reviews please follow the instructions in the dedicated file.

Step Two

After we have pre-approved the abstract, create the finished article. The final piece should include:

- Complete article in Microsoft Word (No PDFs please!).
- Minimum word count 800 words, maximum 2,500 to 3,000.
- Avoid unique or esoteric formatting in the text, i.e., columns, boxes, etc. only text is accepted preferably in times new roman or Arial pt.12 font.
- Graphics and photos must be submitted as separate files and not embedded in the text body
- Graphics and photos should be JPEGs, 100 dpi or higher (max. 300 dpi) with a minimum pixel width and height of 800 x 400
- All graphics require a caption that is a complete sentence. These needs to be in the Word files with references to the associated graphics, i.e., see fig 1, see table 1, in chart 3, etc.
- The author is required to sign the Framework Agreement on the Transfer of IP Rights document that will be sent after abstract approval.
- The author's info is required: title, company/organization affiliation, and a brief biography (two-six sentences max). A contact e-mail and/or phone number for reader contact is optional, but recommended
- The author must have a public user profile in visaya.solutions

Step Three

- Send the final copy with graphics to hello@visayasolutions.com
- Our editorial team will review the article.
- As soon as the article reviewed and approved it will be scheduled according to our content calendar, you'll receive a notification for the publishing date.

You may see here some examples of some of the articles in <https://visaya.solutions>
